

INKANYEZI EXHIBITION SERVICES

empowered by:

FOR THE HIRE & DESIGN OF EXHIBITION STANDS & EQUIPMENT

Over
25 years
of honest,
responsive
service

Inkanyezi Exhibition Services is a venture creation project of Inkanyezi Event Organisers, a member of the Border Kei Chamber of Business (BKCOB) and Nelson Mandela Bay Business Chamber (NMBBC).

"We enjoy the professionalism and responsiveness of Inkanyezi and enjoy working with the team"
~ Ronel Rizzo, NMMU

"Inkanyezi has been a valuable partner in the successful hosting of our Expo. The team's flexibility is a winner"
~ Liza Vermaak, PE Pet Expo

"Inkanyezi demonstrated professionalism and efficiency with respect to demanding safety and time stipulations. The venue was delighted with their approach and our dealings"
~ Jackie Grobler, Senior Banqueting Co-Ordinator, East London ICC

Inkanyezi Exhibition Services supplies exhibition infrastructure, including shell scheme expo stands, walling and display boards nationally from its base in Nelson Mandela Bay (Gqeberha, Eastern Cape). It draws on over 25 years of experience in the event management field, having provided exhibition infrastructure for major exhibitions, including Ironman Africa Expo, Spar Expos, South African Automotive Week, The Working World Expo and many others. It has set-up exhibitions in small and large venues including the Boardwalk ICC, the East London ICC, Hemingways Mall, Bay West Mall, The Feathermarket Centre, The Nelson Mandela Bay Stadium, Tramways et al.

The core service is the efficient set-up, hire and strike of Octanorm shell schemes for exhibitions and conferences. As part of a standard package we provide Octanorm compatible shell schemes, vinyl cut printing and electrics. Optional is branding (including fabric printing), floorplans, furniture hire, exhibitor liaison and full project/ event management.

Inkanyezi Event Organisers Pty Ltd's directors are Andrew Binning (former EXSA president) and Deon Engelke.

PRODUCTS AND SERVICES

INFRASTRUCTURE

The standard Inkanyezi expo booth consists of Octanorm aluminium extrusions and Coryplas white panels. The aluminium frames are compatible with fabric walling (chonk) set-up and shelving.

Popular expo stand sizes are 3mx3m (9sqm), 3mx2m (6sqm) and even 2mx2m (4sqm), but stands can be built in increments of one meter.

Custom stands or bespoke designed stands can also be created, in addition to the standard expo shell-scheme.

EVENT MANAGEMENT

- Qualified staff will provide a turn-key solution to client which may include:
- Floorplan design
- Venue Liaison
- Exhibitor Liaison
- Supplier management (draping, catering, security, porters, AV)

BRANDING

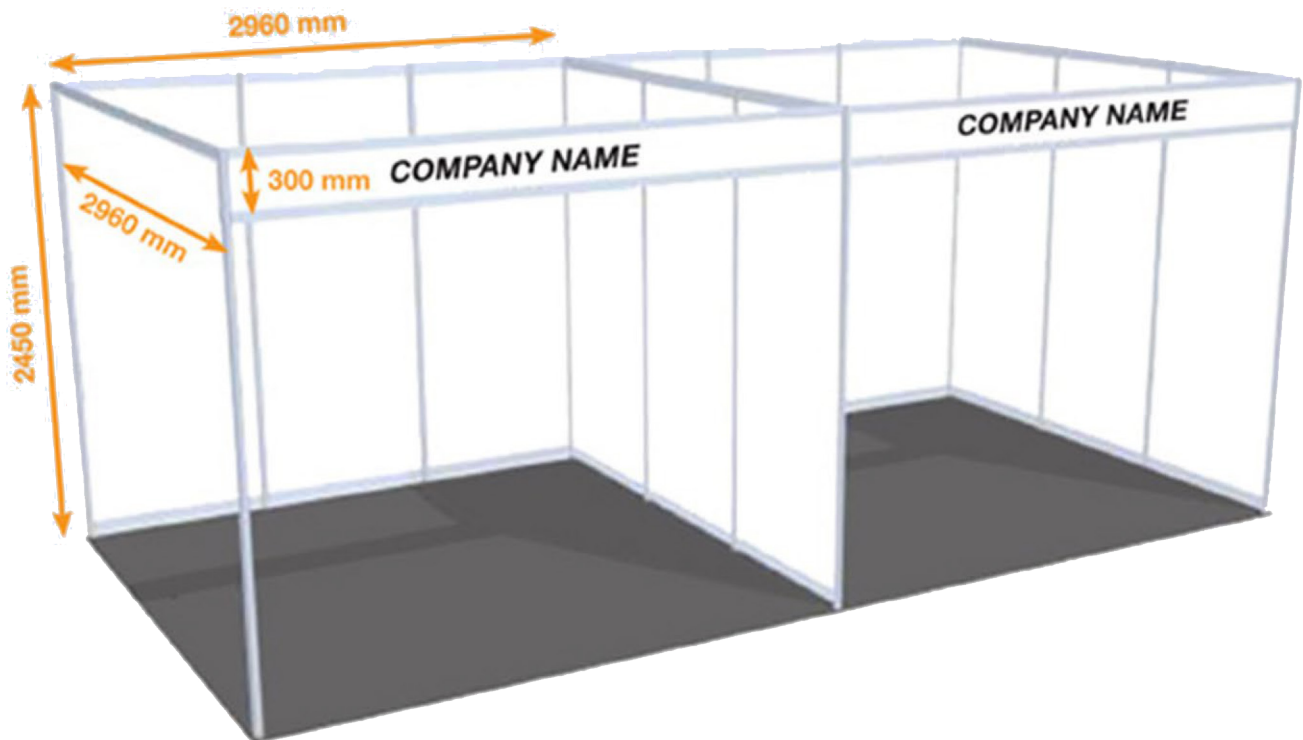

- Portable display solutions, pull-ups, flying banners, branded gazebos etc.
- Banners
- Printing
- Graphic Design

FURNITURE HIRE

- Couches
- Stools
- Tables
- Chairs
- Plasma screens etc.

THE INKANYEZI EXHIBITION BOOTH

The “**INKANYEZI EXHIBITION BOOTH**” is made from specifically designed anodised aluminium extrusions and profiles that give exhibitors the most up-to-date standard exhibition structure.

Options exist for shelving and fabric walling to be seamlessly added to the booth.

- Inner panels are made from rigid Coryplas boards. Exhibitors are required to make use of prestik only on the panels.
- S-hooks from the top of the stand walls may be used but not on fascia boards.
- Drawing pins, staples, screws and holes of any kind are strictly prohibited.
- The company name will be printed and applied in vinyl cut lettering to the fascia board.

PANEL DIMENSIONS:

- The full inside area of a standard 3m x 3m booth is 2960 mm x 2960 mm
- The panel area (excluding frame) per panel is 940 mm wide x 2405mm high
- The full height of the stand is 2450 mm
- The fascia board is 300 mm tall, including the aluminium frame.
- Excluding the frame a 3m fascia is 2970 mm x 286 mm

SHELL SCHEME PACKAGE INCLUDES:

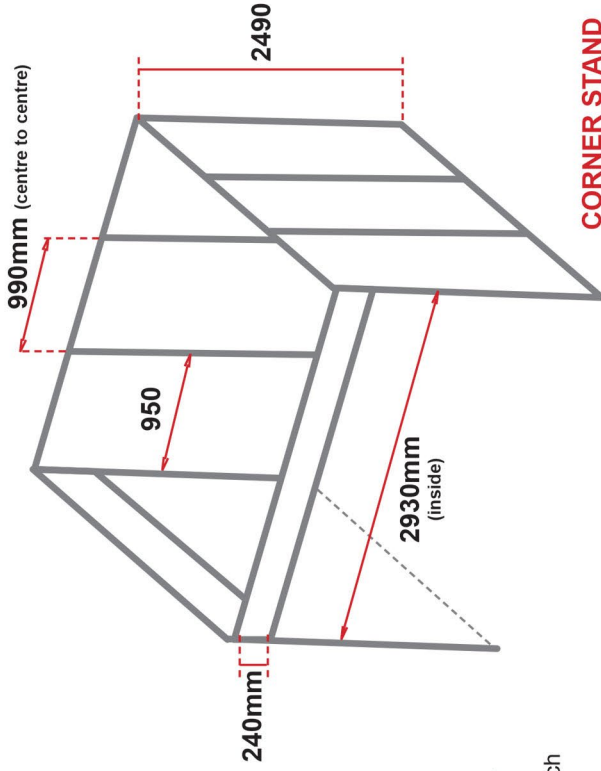

- MODULAR SHELL SCHEME
- 15AMP PLUGPOINT
- FLOURESCENT LIGHT
- 1 X STANDARD VINYL CUT COMPANY NAME ON FACIA BOARD

OPTIONAL:

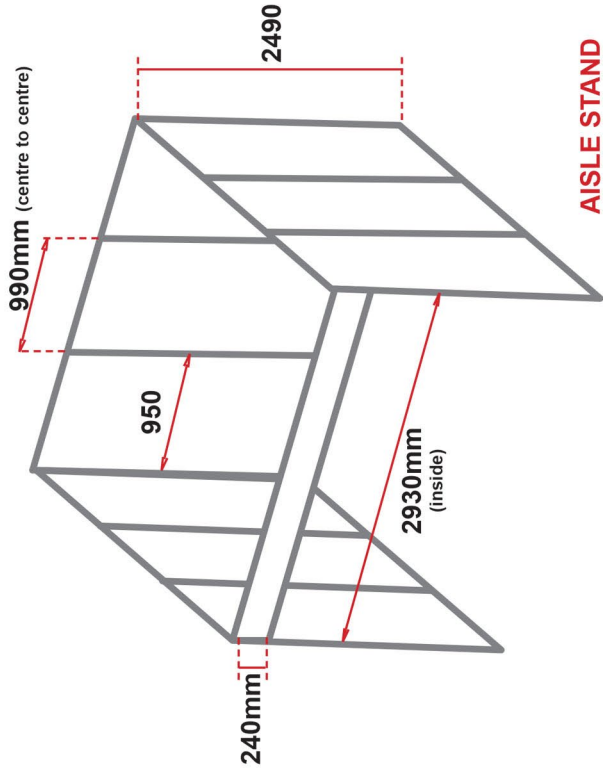

- Carpeting
- Shelves
- Furniture
- Branding, incl branded panels or fabric walls

SPECS:

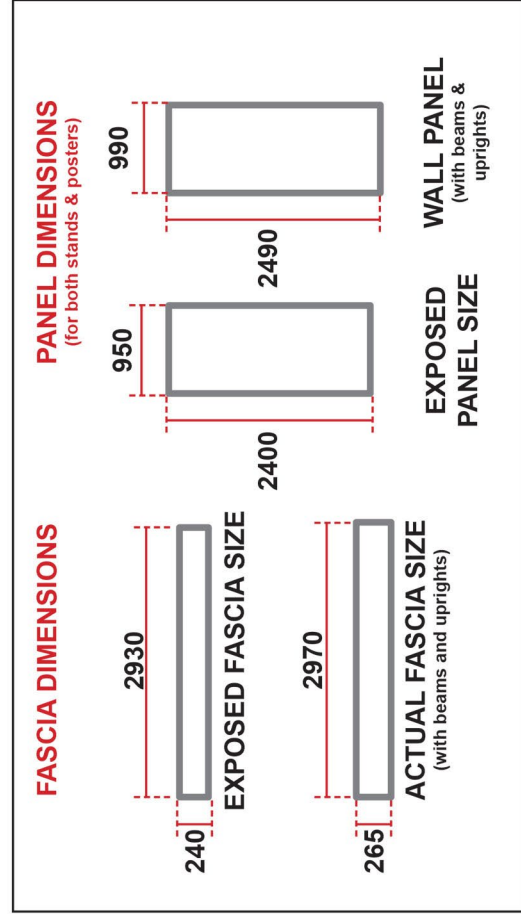

- The wall panels are white coated plywood. Only use prestik on the panels. No staples, nails or screws.
- Double sided tape and/or Velcro tape may be used on the aluminium frames which enclose each wall panel not on wall panels.
- Each stand has 3 sides and one fascia board, except stands on a corner which may opt to have one side open.
- Shelves (white chipboard) are easily fitted.
